

# Video chat through facebook

## How to video chat your loved ones

Facebook offers video chatting in its platform, for phones and computers alike (you need to have a webcam for the desktop version). The social media network even has its own video chat device, which can host video chats and stream video.

To video chat on Facebook, go to Facebook Messenger and start a conversation with the person you want to call. There will be a video camera icon within the message. Click on that to launch the chat.

## How to start using facebook video chat

1. Install **Facebook Messenger** via the App Store or Play Store. Open the app after installed.
2. In the search box, type the name of the contact that you want to call. Select the contact.
3. Tap on the video camera icon located in the upper right hand corner to send the video chat request.
